Refg Senior Surgeon's letter No 246 Dy 2nd June 93.

With the above the Senior Surgeon's Proposals & Requisition & Statement for the Establishment of an additional Hand on Rs 15 rising to Rs 25 from 1st July 93 for the Office of the Medical Stores. He states that the Dy Clerk attached at present to the Store performs also the work in the Vaccination Office Lunatic & Leper Asylum

and that the work of the Vaccination Dept of the Stores has so much increased that it has become impossible for one clerk to cope with the work.

2. On examining the Budget Estimates, it is found that no special provision of staff has been made for the Stores, but are told that lands has been provided of the Office of the Senior Surgeon. It is therefore likely that this one hand said to have been attached to the ... should have been ... of them.

whether it is so or not is a point to be explained.

3. Further the list of the Senior Surgeon which consisted of 4 hands in the year 1890-91 was strengthened by one more hand in the year 1891-92. whether it is to be still more strengthened is a matter to be decided after receipt of a proposition statement shewing the full list of the Senior Surgeon's office, statistics of the increase of work &c.

Note

Paper S. No 22

The establishment of the Senior Surgeon's Office was revised in July 1896, and its Cost to Govt as then revised is Rs: 270/- per mensem. Of this sum, Rs: 250/- represent the Cost of the superior estt and Rs: 20/- that of the menial estt.

Paper S-No 7.

Prior to October, 1893 there was only one clerk on Rs: 40/- doing the duties connected with both the Medical Stores and Vaccination Deptt. It was then represented that an addl hand was absolutely necessary for the work of the Medl Stores, and the Senior Surgeon proposes the

the pay of the 5th Asstt. hand to be Rs: 15/- rising to Rs: 20/- per mensem. But Govemt in their Proc: No 5710-11 dated 9-74-93 the 20th September, 1893, sanctioned an Asstt. hand only on Rs: 15/- with effect from 1st October 1893. It was further directed that the pay of the other clerk already attached should, on his retirement or on his being promoted or otherwise provided for, be reduced from Rs: 40/- to Rs: 30/- a month.

Office of Senior Surgeon and Sanitary Comm. Mysore Govt.
Camp Mysore, 5th October 1891.

To

The Chief Secretary to the
Government of Mysore

Sir,

I have the honor to forward herewith for the favourable consideration of and if approved of, the sanction of the Dewan, the accompanying Proposition Statement, showing the present and proposed scale of the Establishment of the Senior Surgeon's Office.

2. The Dewan is doubtless aware, that during the past few years the Medical institutions in the Province have greatly increased in number, new dispensaries have been opened at nearly all the Taluk and Sub Taluk Head Quarters, & ere long there will be one at each Head Quarter; in addition to the opening out of these institutions; the

Vaccination Department has also increased, and lately, Government have very wisely sanctioned the employment of Native Midwives to the various Talukks, the result being, that the correspondence has during the past few years been steadily increasing, and must each year become heavier, and heavier.

3. The present Establishment of the Senior Surgeons office was fixed some 4 years back to meet the then requirements of the Department, but as since that date the clerical work thrown upon the office not only by the increased current correspondence, but also the numerous annual Returns and Reports, Vital Statistics (to be submitted to the Government of India, Madras, Impore all of which require elaborate and difficult calculations) Monthly contingent bills, Indents &c &c it is clear that the present establishment is barely sufficient to meet the present requirements, and as the clerical work must increase year by year, the present Establishment will in a short time be quite inadequate to perform its

duties satisfactorily.

4. The present Establishment as will be seen from the Proposition Statement, consists of only five hands, which when compared with the Surgeon General's office in Madras, or the Sanitary Commissioner's office in the Presidency towns, or even other Establishments in Mysore, is very small, both in number of hands employed, and in the amount of the salaries they draw.

5. To cope with the increased and increasing work I would strongly recommend the employment of an additional hand on Rs. 15/- to begin with, and the grant of increased rates of pay with annual increment as shewn in the column of remarks in the Proposition Statement, to the Existing Clerks who are otherwise at present devoid of any prospect of promotion or encouragement.

I have the honor to be

Sir,

I have the honor to forward
accompanying proposition statement
the Medical stores Mysore Government
and to request the favour of sanctio
of Government being obtained to the
entertainment of an additional clerk
on Rs. 15/- per mensem rising to Rs 20/
by an annual increment of one Rupe
from the beginning of the next official
year viz from 1st July 1893.

2. The clerk attached at present
to the Stores performs also the work
in the Vaccination office, Lunatic and
Leper asylums. The work in the
Vaccination department and Medica

Stores has increased so much that it is impossible for one clerk to do all and consequently the want of a clerk exclusively for the Medical Stores is very much felt.

3. An Hospital assistant has been doing this work for some time past, but his services are too valuable for this purpose and when required for hospital duties which very often occurs, he cannot be made available.

Letter No: 246 dated 2nd June 1893, from the Senior Surgeon with the Mysore Govt submitting a proposition statement for the entertainment of an additional hand on Rs: 15 rising to Rs: 20/- from 1st July 1893, for the Office of the medical Stores.

Also - Correspondence indicated with letter No: 118 dy 5th inst: from the same.

Order No: 5710-11 / GF: 4-93

The Store & Vaccine Clerk gets a consolidated Salary of Rs: 40, (20 Rs for Vaccination & 20 Rs for Stores) - This increased pay was, in Progs: Camp No: 1069-70 dy 20th March 1890, sanctioned on the understanding that the Clerk would be able to do the duties connected with both Stores

& Vaccination - It is now represented that he cannot conveniently carry on both the duties - The additional hand required for the Stores on Rs: 15/- per mensem, is therefore sanctioned with effect from 1st October 1893.

2. The pay of the Store and Vaccination Clerk Rs: 40, will be reduced to Rs: 30/- on the retirement of the present incumbent, or on his being promoted or otherwise provided for.

GOVERNMENT OF MYSORE

(13)

To

The Chief Secretary to the
Government of Mysore

Sir

I* in continuation of my D.O. letter addressed to the Dewan a few days ago I have the honor to request the favor of Rs: 95/- being sanctioned as applied for in the D.O. referred to, to enable me to submit a proposition Statement showing provision for the entertainment of two extra hands and increased pay to the two Senior officials in this office.

* As work as per verbal conversation

The necessity for the increase of Establishment and pay arises from the fact that the work in this office has considerably increased since the year 1888 in consequence of the opening of 45

Local

Local Fund Dispensaries including one Government Hospital; treatment of in-patients in these dispensaries; supply of furniture &c to them; increase to the strength of Medical Officers and Subordinates; increased accommodation to the in-patients treated in the Local Fund Dispensaries; employment of Midwives and checking their Monthly, Annual Returns, Reports, bills &c; entertainment of Midwifery pupils for training; Insurance of lives of Medical officers and subordinates; preparation and submission of Cholera and other Returns to the Sanitary Commissioners of Madras and Bengal; Monthly Returns of sick to the Deputy Commissioners; Brief account of the working of the Medical Department annually; Quinquenial Reports besides Special Reports and Returns occasionally.

These and other works too numerous to mention here, have all tended to increase the work to such an extent that the present Establishment consisting of only four hands including the Manager is quite inadequate to carry the work efficiently.

I

I herein enclose a statement from which it would appear that the number of letters, bills &c have been increasing from the year 1888*; and it is not unlikely that they will increase further year by year.

* when the Establishment was revised.

I am fully satisfied that the clerks in the office work very hard from 8 a.m. to 6 P.M.; and frequently forego the authorized holidays on account of heavy work which becomes still heavier at the annual season when they are expected to prepare all the annual Returns both for the Mysore Government and the Government of India for the official and Calendar years which work alone would be sufficient for a half a dozen clerks as all of these Returns require elaborate and difficult calculations.

The present Establishment as revised under Proceedings of Government Nos: 1968-69 and 1069-70 dated 28th. March 1888 and 20th/21 March 1890 respectively ~~consists of one~~ Manager on Rs: 75/- one Head Clerk on Rs: 45/- and two clerks on Rs: 20/- and 15/- respectively which when compared with that of a

Deputy

Deputy Commissioner shown in the margin not to speak of the Establishments of Administrative Officers such as Chief Engineer, Military Secretary to His Highness the Maharaja of Mysore, Chief Judge &c. is very small both in number of hands and in the amount of salaries drawn.

1. Sheristadar	@ Rs: [illegible]7/-
5. Clerks	from Rs: 100/- to Rs: 20/-
8. Accountants	from Rs: 70/- to Rs.
3. Munshis	from Rs: 50/- to Rs: 2
3. Record-Keepers	from Rs: 35/- to
20-	Total

Under the circumstances represented I would strongly recommend that the Dewan will be pleased to view the matter favourably and accord his sanction to the amount above mentioned so that the Establishment may be placed in a better footing than at present.

Sir,

With reference to your D.O. of the 22nd instant, I have the honor to forward the service Registers* of the Manager and the Head Clerk of My office. It will be observed from the Registers that the former has put in about 21 years service (permanent) and the latter about 19 years.

* To be obliged by return

2. The qualifications of the manager are, in an educational point of view, that he has passed the Uncovenanted Civil Service Examination, and the test prescribed for Pleaders in District Munsiff's Courts, while the Head Clerk passed the Uncovenanted Civil Service Examination.

3. The above officials are very hard worked and Considering the onerous and responsible

responsible work they perform, and the length of service they have put in, and the absence of any chance of advancement in this grade other than by increase of pay, the proposed increase does not seem to be too large.

No. 296
DATE 4-8-96

Sir,

In acknowledging the receipt of Proceedings No 1638-9 Fmi 7.4-93 of 31st July 1896 revising the Establishment of my Office, I have the honor to state that so far as Sunni officials are concerned viz the Manager and the Head Clerk, there is nothing to show in the order quoted, the date from which they should draw the increase. I am perfectly aware that in the absence of such information the date of the Proceedings is the date from which they are entitled to it.

2. It is in Connection with this matter I feel myself called upon to represent the desirability of showing some Concession to the officials referred to, as regards the date from which the order should take effect.

3. It was in the year 1891, the subject of revision was first mooted, and it was in 1894 the Government were addressed again for the second time, it was in March 1895 the Government were pleased to Call upon this Office to submit a Proposition Statement, it was on the

19th

9th March 1895 the Proposed Statement was submitted & it was on this date the Correspondence ended.

4. Thus it will be seen that the subject was pending disposal at the Dewan's Office for the past four years. And from the very beginning the two Officials were looking forward each year for their increase with some hope of getting it and it was natural that they should do so, as similar indulgence has been shewn to the Officials of other departments.

5. Under these circumstances I submit their case to the favourable Consideration of Government and would strongly recommend their increase being Counted with retrospective effect at least from the 1st July 1895 (to be met from the General savings of the Medical Budget of the Current Official year) if the Government do not feel inclined to sanction it from any date anterior to it.

No. 2403

Sir,

I have the honor to submit herewith for the approval of Government, a Statement showing the changes I propose making consequent on the death of Mr. T.Arunachalam Pillay Manager of my office on the 7th Instant. As the chances of promotion among the officials in my department are necessarily few and far between, and in order that deserving officials may receive due encouragement I propose amalgamating the offices of Senior Surgeon and Sanitary Commissioner with that of the Medical Stores and Vaccination department.

The change will involve no extra charge upon Government and I trust that Government will be pleased to sanction it from the date of the demise of Mr. T.Arunachalam Pillay.

The proposed arrangement, permanent as it is, makes provision for the entertainment of an additional hand on Rs.10/- which I consider is necessary, in spite of the fact that two temporary hands have recently been sanctioned by Government on account of heavy work which is steadily increasing year by year.

I have the honor to be

No. 3155

Dated 26. January 1901

Sir,

With reference to your No. 9148/G.F.4-93 dated 17th Instant, inquiring why a reduction of Rs. 10 & 5/- respectively in the pay of the officials of the Vaccination and Medical Stores should not be given effect to as per Proceedings of Government No. 5710-11/G.F.4-93 dated 20th September 1893, in amalgamating these Department with my office as per proposition statement submitted with my No. 2403 dated 27th November 1900, I have the honor to report for information as follows:-

1. As it was found practically impossible for a single clerk to perform the several duties efficiently owing to the great increase of work both in the Vaccination and Store Departments, sanction of Government was obtained in 1893 for the entertainment of an additional clerk for the Stores.

2. The number of Hospitals and Dispensaries in the Province in 1893 was 103 and at present time the number has increased to 135.

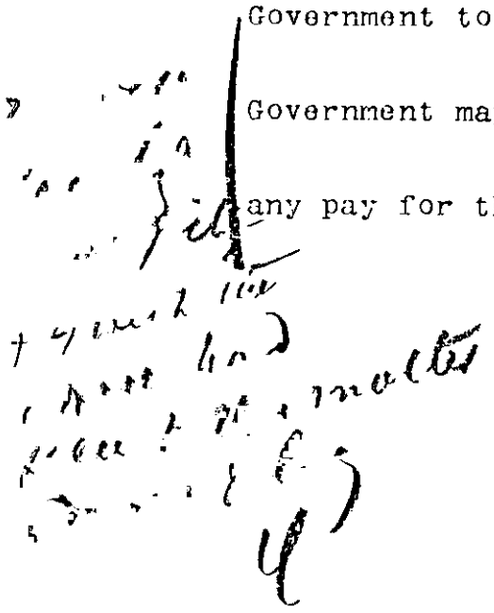
3. With this increase, there has naturally been a great increase

increase of work both in my office and at the Stores.

4. With a view to provide for the efficient working of the Stores, I intended submitting a scheme for reorganization, but considering the financial pressure of the State owing to Plague I have held it in abeyance for some time to come.

5. The work in the Senior Surgeon's office, as well as in the Stores, is of a responsible nature requiring the services of officials of experience and capability, and as such the present pay of these is hardly adequate for the work expected of them. The clerk at the Medical Stores has worked single handed during the plague, and done most excellent work and thoroughly deserves this increase of pay.

I have the honor to request that very early sanction of Government to my proposition which involves no extra cost to Government may be accorded, as none of the officials have drawn any pay for the past 3 months.



I have the honor to be

Your most obedient servant

Sir,

I have the honor to forward the statement of the work done by the clerks in my office called for in your No. 12702/Mis3366 of 27th March 1901. It will be at once seen that the two extra hands in my office are fully occupied, and that their retention permanently is absolutely necessary for the expeditious working of my office.

2. Another point I would desire to lay before Government is the disparity existing between the pay of the Manager of my office and those of other offices such as the Huzroy Secretary's Inspector General of Police, Conservator of Forests &c. In not one of these other offices can the work more exacting, more arduous, and more important than it is in my office, and I therefore think that my manager should have at least equal emolument. I would therefore recommend that my Manager's pay be raised to Rs.150/- per mensem.

3. A Puchi is much required in my office, and I believe one is to be had on Rs.12/- per mensem.

I have the honor to be
Sir,

No 3200

Dated 7th December 1901

Sir,

In continuation of this office No.107 dated 5th July 1901, and with reference to Government Proceedings No. 4101/Mis.F.-93 dated 4th September 1901, I have the honour to forward herewith a copy of letter No.415/25 dated 24th October 01, from the Secretary to Sanitary Commissioner with the Government of India, and to state that the Government have been pleased to call the Senior Surgeon in reply to this office No.3 dated 4th March 1901 to submit Proposition Statement showing the work allotted to each clerk and the additional work from which the temporary Asst (sanctioned in Government Proceedings No. 4503-6/Mis. 900 dated 22nd September 1900) are permanently required, which information was duly furnished.

It is needless to point out that this office is to deal with correspondence not only from all the Medical Institutions but also from other administrative and Executive Officers, which is on the increase year by year besides the numerous periodical and other Returns to Government together with tabulation of ratios which is really a fatiguing operation.

The statement submitted with the letter under reference will show the nature and amount of work done by each official which is no doubt too much to expect from the clerks who are forced to augment the task out of office hours during part of their authorized holidays, privilege and other leave which are permissable under code rules.

The work in the office has become still more

124

accom of dispensin, wit' the services of two ext.. hands ordered in Secretary's Memo No. 2963/Mis.590 dated 16th Au,ust 0: wit' t'. result that the Statistics exclusively for fe ale di.- pensaries referred to in Government order No.9338/Mis. 2057 dated 26th January 1901 to,ether with other periodical Returns 37/701 ec w'ich were entrusted to the two extra hands are left in an undisposed state for which I cannot blame my office. While so, imposing additional work (on account of the openin, of re Dispensaries every ear besides those that are under contempla- tion, appointment of Midwives and additional Hospital Assistants in proportion, especially co.,i, wit' the requisitions of the Governmentsof India and Madras wit' various kinds of sta.- tistics) to the existin, limited number of officials of my office is in no way an easy task.

Under t.e foreoi, circumstances I strongly recommend that Government will be pleased to reconsider the question and accord sanction to the proposal made as per proposition State- ment submitted wit' .' letter referred to, to enable .e to see the work in my office carried out in its entirety.

Necessary provision will be made in the supplemental Medical Budget to be submitted to Government which is also per- ing disposal in the office.

Simla D/the 25th October 1901

Sir,

No: 1260
D/17th augt: 1901.

Adverting to your* letter Noted in the Margin regarding the registration of deaths from Measles. I am directed to say that on a consideration of the question the Sanitary Commissioner with the Government of India is of opinion that generally, in more or less degree, the tale of deaths from Small-pox in this country is augmented by the inclusion therein of deaths due to measles and chicken-pox. This result is possibly the result of the inability on the part of the reporting Agency to always distinguish between the respective diseases, and the tendency is doubtless often to enter Deaths under "Small-pox" rather than under the head "All other causes" owing to the prominent symptoms of

of measles and chicken-pox and in some provinces owing to a similarity of native Nomenclature for all three diseases. But it is thought that a separate column in the Municipal and district returns for deaths from "Measles and Chicken-pox" will go some way to check any tendency that may so exist, though obviously it cannot enable the reporting agency to distinguish any better between the diseases than they do now, but it is hoped that the existence of the column will go some way to ensure more accurate Registration which it may be expected will become less inaccurate with experience and familiarity.

I am accordingly to suggest that, if there is no objection, you will be good enough to take the Necessary steps with a view to the adoption of this reform as regards your Province.

I am to add that in summing up your returns in the Annual Forms provided therefor

therefor, the deaths due to measles and chicken-pox will of course be included under "All other causes" as is the intention to present

I am &c

No 4143

Dated 7 February 1902

Sir,

With reference to previous correspondence and in continuation of this office letter No.3200 dated 7th December 1901, I have the honor to state that when reference was made by Government as to whether a separate report on the Dispensaries intended exclusively for females can be submitted for the year ending 30th November 1900, my reply was in the affirmative on condition that the two extra hands on Rs.40 and 20 who were entertained temporarily for one year were permanently retained, as it will necessitate a good deal of extra work for reasons assigned in my letter No.884 dated 23rd August 1900.

Here I beg to point out that the Government have not been pleased to accord sanction for the permanent retention of the two extra hands referred to above, on the contrary, this office was ordered to dispense with their services from 1st October 1901 as per G.O. No.2963/Mis. 590 dated 16th August 1901 and the order was promptly attendedto with the result that major part of the work as pointed out in the statement submitted along with this office No.107 dated 5th July 1901 (which was entrusted to these two extra hands) was left unfinished.

The question of what is required for the efficient performance of the work in my office has already been fully explained by the Officiating Senior Surgeon and Sanitary Commissioner Col. J. Smyth (after his personal experience when acting for me) in his letters Nos. 107 and 3200 dated 5th July

and

and 7th December 1901 respectively, and I quite agree with him.

The sanctioned Office Establishment to the Conservator of Forests (whose Budget is Rs.519,000) is Rs.1101/- per mensem whilst the sanctioned Establishment to the Senior Surgeon (whose Budget is Rs.501,000) is Rs.330/- per mensem minus Rs.70/- the pay of two out of 9 officials working in the Executive branch of Medical Stores and Lunatic and Leper asylums under the orders of Senior Surgeon and so the actual cost of my office Establishment as administrative office is only Rs 260/- not even 25 % of the Conservator's office.

In point of comparison I do not think that the work turned out in my office is in any way less than what it is in Conservators office.

I have now the honor to request that Government will be pleased to accord their sanction to the following proposals:-

(1) To raise the pay of the Manager from Rs.100- to 150/- viz. 1st increment Rs.25/- and the remaining Rs.25/- in two years.

(2) Re-entertainment of the two extra hands at Rs.40/ and 20/-.

(3) The appointment of a Mutchi on Rs.12/-

Under the above circumstances I strongly recommend that early sanction be accorded as per Proposition Statement submitted with this office No. 107 dated 5th July 1901 referred to above, so that the work which has necessarily fallen into arrears may be promptly dealt with.

Sir,

In reply to your No.13453/M.F.4-93 dated 14th Instant I have the honor to forward herewith a statement showing the No. of FROM and TO letters registered in this office for the past three calendar years from which you will notice that the increase during the past year has been nearly 2000 under each head.

It is absolutely impossible to dispense with any statements or returns other than the annual return for the official year, as that is practically incorporated in the Annual returns for the calendar year.

We have already this year been saddled with new returns in the shape of statistics for Female Dispensaries, Annual return of female patients (in and out) for the Countess of Dufferin's Fund (year commencing from 1st December of the previous year to 30th November of the following year) and returns for Charitable Dispensaries for the calendar year &c &c.

Under the circumstances I have the honor to state that it is impossible to carry on the work unless the increase as per proposition statement is given to my office establishmen
